

TRUSTEE PLUS

corporate identity

The company's main focus is on digital finance, transaction security and technology solutions

Next

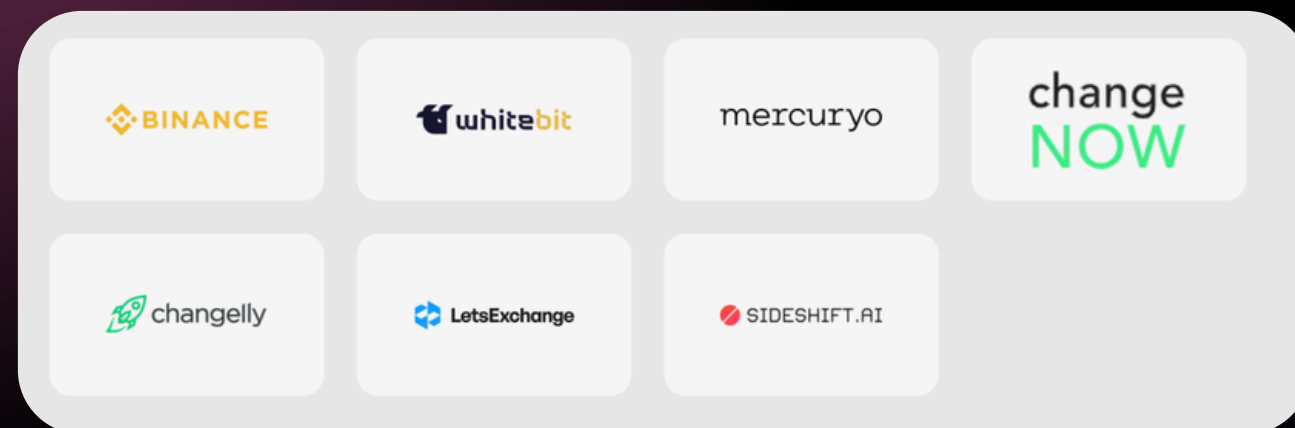

TRUSTEE PLUS

— is a platform offering a full range of services and tools for working with crypto assets.

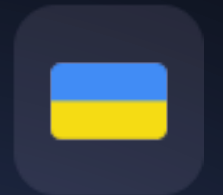

The company was founded by two inspired crypto enthusiasts, Vadim Grusha and Ksenia Zhitomirskaya.

The company is originally from Ukraine, but due to the specific legal regime of cryptocurrencies, it is officially registered in Lithuania.

Partners

Typography Colour palette

Next

Main font

Simple and readable, with an emphasis on modernity (for example, Open Sans).

Colour scheme:

Shades of blue and white for trust and stability, with bright accents such as green or orange to reflect innovation.

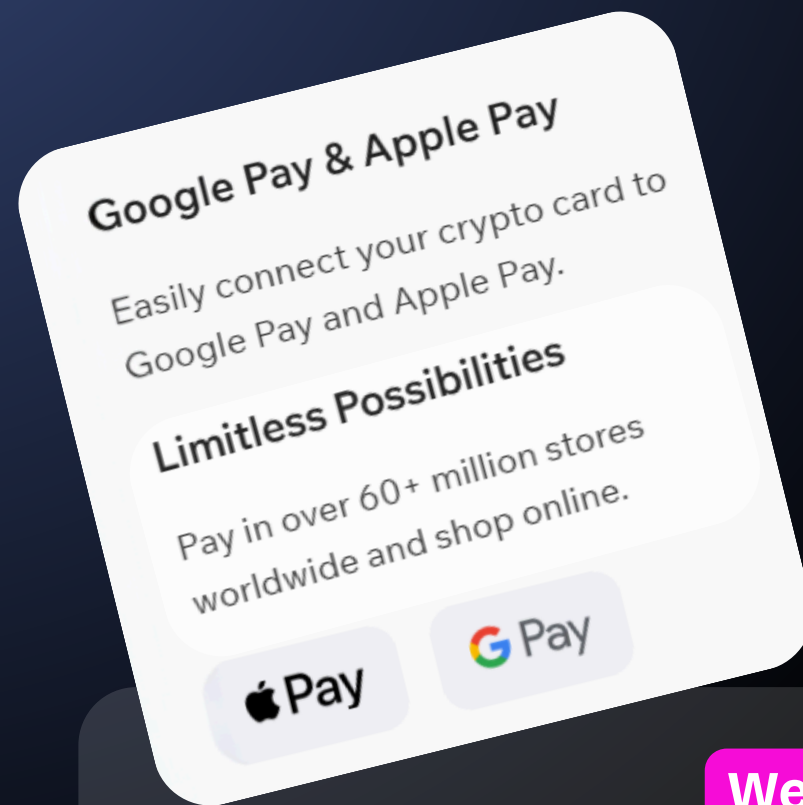

Primary colours:

Dark blue (#001F54) - trust, stability.
White (#FFFFFF) - purity, transparency.

Accent colours:

Green (#00BFA5) - safety, success.
Orange (#FF6F00) - energy, innovation.

Visual elements

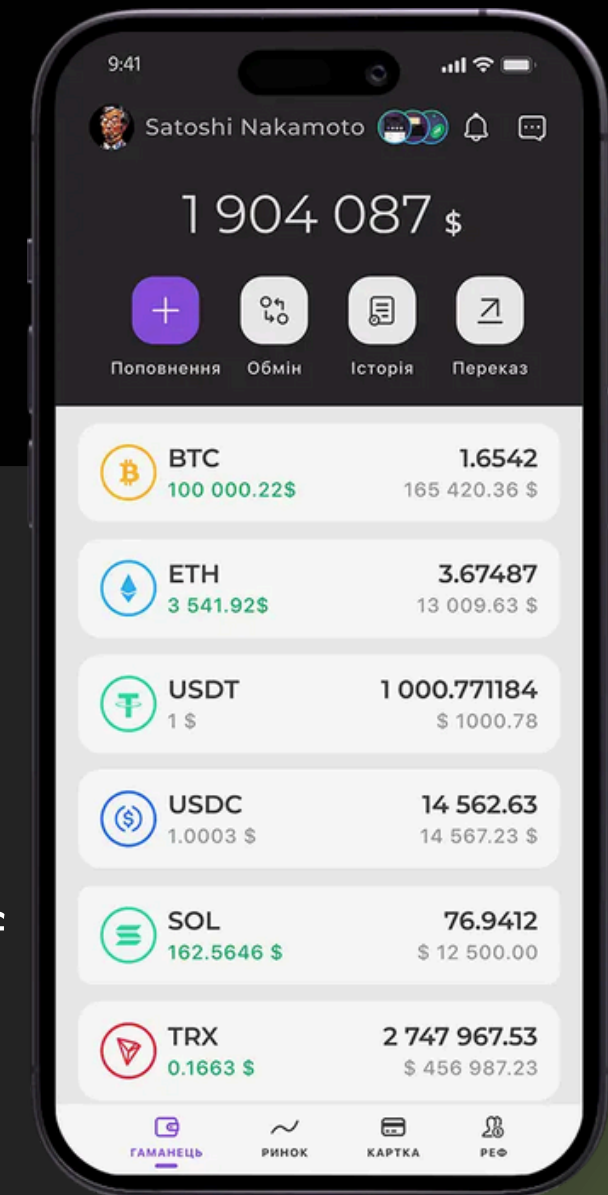

Website

- The website design meets the standards of financial technology platforms with a clear focus on cryptocurrencies.
- The style is based on a strict but not overloaded colour palette.
- There is a lot of space, clear blocks of information, and a minimum of unnecessary elements.
- A purple hue for a modern and technologically advanced look

Appendix

- The app has a clean design with clear outlines and emphasis on key elements.
- Large buttons and a clear layout of functions contribute to ease of use.
- The list of assets is divided into cryptocurrencies with logos for quick identification.
